

Upgrade to ASCEND[®]: the height of contact lens excellence

The complete
range now
available at your
optometrist

ASCEND[®]

Move up to ASCEND® quality & comfort - in every lens

ASCEND® contact lenses have been developed using the latest contact lens technology, to ensure great vision and comfort. In fact, comfort is 'money-back' guaranteed across the entire range of ASCEND® lenses.[†] And with a comprehensive range of ASCEND® contact lenses available, you're sure to find a lens to suit not just your vision needs, but also your budget.

The extensive ASCEND® range includes contact lens products covering a wide spectrum of uses, from daily disposable lenses to monthly and fortnightly replacement lenses. The Ascend range also includes speciality toric and multifocal lenses for people with astigmatism or who suffer from presbyopia. Whatever your needs, you're likely to find one (or more) ASCEND® products to meet them. More information about the different types of lenses available within the ASCEND® range is contained in this booklet.

So whether you're new to contact lenses or have been wearing them for a while, whether you're considering replacing your glasses or just want to try contact lenses for occasional use, ask your optometrist about the right ASCEND® lenses for you.

Choose your upgrade from the comprehensive ASCEND® range

Daily	ASCEND® 1 Day
	ASCEND® Comfort 1 Day

	ASCEND® Toric
	ASCEND® Evolve Toric
	ASCEND® Premier Toric
Multifocal	ASCEND® Plus Multifocal

ASCEND® contact lenses are only available through your local optometrist.

ASCEND[®] daily disposable contact lenses

Daily disposable contact lenses represent the ultimate in convenience. Start each morning with a fresh pair of contact lenses to protect the health of your eyes and be sure of comfort throughout the day. At the end of the day, simply remove your lenses and throw them away.

- No solutions or cleaning regime required
- Comfort guaranteed[†] throughout the day
- Easy to put in and take out
- Ideal for occasional use, e.g. for sport or travel
- Available with UV blocker, for outdoor activities
- Available as toric lenses, for patients with astigmatism

ASCEND[®] frequent replacement contact lenses

ASCEND[®] has a choice of monthly and fortnightly replacement lenses, which can be worn continuously (day and night), or removed at night, cleaned and re-inserted in the morning. ASCEND[®] monthly and fortnightly lenses are great for eye health, provide guaranteed comfort[†] and represent exceptional value.

- High oxygen and water content for natural breathability and clear, healthy eyes
- Comfort guaranteed[†]
- Option of continuous wear (day and night)
- Simple daily care regime
- Available as toric lenses, for patients with astigmatism
- Available as Multifocal lenses, for patients suffering from presbyopia (the condition that creates the need for reading spectacles when approaching your early forties)
- Great value

Get your ASCEND[®] contact lenses delivered

When you buy any ASCEND[®] contact lenses from your optometrist, they can arrange for your lenses to be delivered straight to your home or office, free of charge, with *Patient Express*. That way, you don't have to go back to your optometrist to collect them.

All you need to do is speak to the friendly staff at your optometrist when you order your lenses, provide them with your preferred delivery address, and wait for your new lenses to arrive.

All orders are delivered by Toll Priority couriers* (at no charge to you). Orders are packaged in a cardboard carton, which protects the contact lenses during transit. Next-day delivery is guaranteed except in regional areas.

*Where you specify a PO Box as your preferred delivery address, your contact lenses will be posted to you via Australia Post's Express Post service at no charge to you.

Looking after your contact lenses

Take care of your contact lenses and they'll take care of you. Follow these few simple rules and you can ensure that your experience with contact lenses is a positive one.

DO 	DON'T 
Wash your hands before handling your contact lenses or touching your eyes	Use saliva to wet your lenses
Store your contact lenses in an appropriate solution <i>(Does not apply to daily disposable lenses)</i>	Use tap water or household products (e.g. disinfectants) on your lenses
Change your contact lens solution every time you wear your lenses <i>(Does not apply to daily disposable lenses)</i>	Wear your contact lenses for longer than recommended
Wear airtight goggles when swimming	Sleep in your contact lenses unless you have been advised you can do so by your optometrist
Replace damaged, contaminated or scratched contact lenses immediately	Use contact lenses if packaging is not properly sealed
Contact your optometrist if you experience any stinging or redness	Share contact lenses

†The ASCEND® comfort guarantee

All ASCEND® contact lenses come with a Comfort Guarantee. If you are not completely satisfied with the comfort of your ASCEND® contact lenses, you are entitled to a full refund within 60 days of purchase.*
